

We Blend Care and Creativity **to Nourish the World**

For food companies around the world, Griffith Foods is the caring, creative product development partner whose people help their customers, suppliers and others meet the evolving needs and desires of consumers in ways that respect and sustain the planet.

At Griffith Foods, we believe that nourishment doesn't just come from what's on the plate, but from what's in the heart. We grow by caring for each person in our Griffith family, and for people in our communities. From farmers to customers, the relationships we form allow us to create better products to satisfy and delight a variety of tastes around the globe.

Established in 1919 and now in our fourth generation of family leadership, we are a global developer and manufacturer of customized food ingredients. Using our vast industry expertise, we develop culinary-inspired, on-trend products to exacting specification and ensure cultural authenticity, great taste and improved food safety.
